

Annette's Wish for Timmy & Tyler

The Kiper Boys
couldn't stop smiling

Annette Kipers promised her sons each a new dirt bike. She was able to fulfill half her promise, but before she could purchase the second bike, the trailer and safety equipment, she became too ill to continue working.

Timmy and Tyler knowing their mom's critical condition wanted to help, so began a fundraising drive to help with her medical expenses. They held a car wash and collected bottles in a massive bottle drive, raising enough money to help their mom stay in her home.

Seeing how hard the boys were working to help her, she asked that Making Memories help her fulfill her promise for the second bike. A trailer to carry the bikes and safety equipment was also purchased. This wish was made possible by Action Motor Sports in Gresham, OR and by the 1981 graduating class of Gresham high school. Annette's graduating class and lifelong friends.

Annette Died in January 2001
