

# A Comforting Thought A New Recliner

*Carol Wright shown here with her mother on a recent visit. Carol's mom also has metastatic breast cancer.*

*Carol Wright anxiously awaited the arrival of her new swivel recliner, hoping it would make her more comfortable. Her wish was made possible by Award Winning and Best Selling Author, GERALYN DAWSON. When GERALYN heard how much a recliner would mean to Carol, she couldn't wait to get it ordered.*

*According to Ms. Dawson, "The best part of granting someone's wish is to know that I can bring a smile and make a difference in a life." Her latest book, "The Pink Magnolia Club" on bookshelves August 1st, was written to bring awareness to the Making Memories Story.*

*When Carol heard her wish was being granted she made a "day of it" shopping with her brother. The perfect chair FOUND and the perfect day SEARCHING. Thank you Making Memories.*
