Ms. Anna Nelson
Making Memories Breast Cancer Foundation
232 South Cole Ave.
Molalla, OR 97038

Dear Anna,

John and I are quite overwhelmed by the generosity of the Making Memories Foundation. We recently completed my wish of traveling through the Canadian Rocky Mountains by train.

From beginning to end, the trip was a delight. The staff and crew at the hotel in Edmonton and on the train were wonderful. The accommodations were terrific. But, of course, you know the best part; the memories.

You gave us time to reconnect, without thinking about cancer; to enjoy the beauty of creation as we traveled through the mountains together; to hold on to one another gazing in wonder at the next sight. The memories will be with us always, as well as our eternal gratitude to your wonderful organization, which made all this possible.

Bless you and the Making Memories Foundation for granting our wishes, and may your foundation grow and make this dream come true for many more metastatic breast cancer patients and their families.

Very Sincerely,

Karen Gann
