

# My Children will always remember

*Dear Fran and Making Memories,*

*February 22, 2000*

*I want to express my deepest Gratitude to you and all who granted the Disney World Vacation for my family and I. The trip was a dream come true as well as being a much needed break from doctor's appointments, hospitals, and chemotherapy.*

*My Oldest daughter had not been on a plane since she was a baby and my other two daughters had never been on a plane. You can imagine how excited they were to be up in the clouds flying to Florida.*

*We all enjoyed Disney World. The parks were so much fun. We went to MGM studios, and Magic Kingdom twice. I even rode some of the rides myself. We all loved the tower of terror.*

*We stayed at the All Star Music resort which was very nice .*

*The entire trip was wonderful and something that my family will always remember. I am so thankful to you all for making this vacation possible for us. Thank you so very much.*

*Sincerely,  
Rachelle Borrego*
