Special Days With The Love Of Her Life

5-24-01
Dear Anna & Making Memories
Thankyou + God Bless
each + everyone + especially
Anna for helping to make a
special memory + dream come
true for me!
We had a great trip to my
Aunts in Florida + then on to
Disneyworld for 3 days also.
It was a trip we all will
cherish forever! I thank
the Lord for your organization
often.
I ended up in the Hospital
+ Hospice for 7 weeks the day
we flew home. The doctors
actually gave up on me +
put me in hospice. However

with much prayer + strength I
came out of Hospice + home. I'm
now at home again. I managed
to recover from being so sick.
My neck + spine are still
critical, + I'm in a brace +
wheelchair now, but I still
have lots of life in me!
God is still good + still
taking care of me everyday!
Lamentations 3:22-23
"His compassions are new
every morning" + I need
them every morning!
Thankyou for my
Special memory, Sincerely,
Wharris + Ken Moore
+ Sally Crum
