

Wow Mom There Really Is A Santa

Tammy's wish for her young son was to have a great Christmas, and that he did!!! Santa, himself, brought gifts all the way from the North Pole to surprise him.

Making Memories granted Tammy's wish of a limo ride across the Portland metropolitan area to see the Christmas lights, dinner out and gifts for her child. Never did she guess Santa would be there too AND with gifts for her and her husband, Gary, as well.

"The lights were beautiful," Tammy exclaimed over and over again as they crisscrossed Portland to see the fabulous displays. "Little Jesse couldn't hardly wait to get home to play with his new toys."

"Thank you Making Memories for making this Christmas one we will all remember for a lifetime!"
